

EATING WELL

Camp Takodah Menu Summer Camp 2021

Special Diets & Allergies

We maintain a nut-free environment. We serve vegetarian, gluten-free, dairy-free, and vegan options at every meal. In addition, meals include cereal, sandwich, soup, and salad options, as well as frequent Chef's Specials.

In order to attend summer camp, children must be able to maintain proper nutrition and hydration from the options provided. We are unable to accommodate special requests or additional food supplements from home. Please contact us if you're unsure whether your child will have trouble with the options provided.
